CO PLACEWORKS

General Plan Guiding Principles

Prosperity

Excellent city services and infrastructure support a thriving local economy with a wide spectrum of local jobs including those in science and technology, arts and trades, agriculture, and tourism.

Vibrancy

People enjoy a vibrant downtown, commercial districts, cultural venues, wineries and breweries, and parks throughout the city and surrounding areas to work, shop, dine, and have fun.

Mobility

A wide variety of convenient, comfortable zero- emission modes of transportation and interconnecting routes enable everyone to easily travel to meet their daily needs for work, errands, and play.

Sustainability

We live sustainably to preserve our vital resources, work to clean up our environment, protect open spaces and habitats, and integrate nature into the urban environment.

Resiliency

We prepare for emergencies and a changing climate, help those affected, and ensure the durability of our homes, businesses, and supporting infrastructure, while maintaining sufficient financial reserves.

Homes

Individuals and families of all types and income levels can find diverse housing choices close to jobs, exceptional schools, shopping, entertainment, and well-maintained parks.

Equity

Everyone can easily participate in civic life and have a voice in city decisions. We enable access to services and opportunities and provide for those who have been underserved so that everyone can be healthy and flourish.

Diversity

Neighbors feel connected to each other and their city, welcome and celebrate everyone, and respect differing viewpoints to foster a close-knit community where civic life and opportunity thrive.

Continuity

We honor our complex heritage, which began with the indigenous peoples, who were the original stewards of this land, and followed by the increasingly diverse community that is our future.

Arts

We foster a vibrant and thriving cultural arts community so that the arts, in all their beauty and variety, will enhance the lives of residents and visitors alike.
